## **MALTA RETIREMENT PROGRAMME RULES**

*(LN 317 of 2012 as amended by LN 269 of 2014)*

The Malta Retirement Programme Rules (MRP) contemplate the granting of “special tax status” to individuals who meet a number of conditions.

An individual may benefit under this system if he/she is in receipt of a pension as supported by documentary evidence, all of which is received in Malta and constitutes at least 75% of his/her chargeable income.

Pension includes periodic payments paid to a former employee in respect of past employment including where remunerations are paid in respect of services rendered to a State or a political subdivision or local authority thereof, remunerations paid as lifetime or temporary annuities, as well as regular income from an occupational retirement scheme, personal overseas retirement plan and insurance policies.

Pension does not include a pension in the form of a lump sum payment without periodic pension payments and any capital sum received by way of commutation of pension, retiring or death gratuity or received as consolidated compensation for death or injuries that are partly exempt under article 12(1)(h) of the Income Tax Act.

Such individual may hold a non-executive post on the board of a company resident in Malta or partake in activities related to any institution, trust or foundation of a public character and any other similar organisation or body of persons, which are also of a public character, that is engaged in philanthropic, educational or research and development work in Malta.

Beneficiaries may also have household staff providing a service in their qualifying property, as long as all the requisite procedures are satisfied.

### **Note:**

This guidance outlines the Inland Revenue Department’s application and interpretation of the Rules. The material provided hereunder is solely for your guidance. It sets out the main factors that are taken into account by an individual considering this programme. Any practices described in this guidance note are subject to periodic review and may subsequently be altered or withdrawn. If practices were to be changed or revoked this would not normally be done so retrospectively.

You are responsible for your own tax affairs in Malta. It is advisable to keep supporting documentation at all times. The Commissioner for Revenue reserves the right to ask about your tax affairs in accordance with the provisions of the *Income Tax Acts*.

## I. Eligibility

An individual who meets **all** of the following criteria is eligible to submit an application in terms of the MRP:

This declaration needs to be supported by the following documentation which is to be submitted together with the application:

- no person other than the beneficiary and his/her dependents<sup>1</sup> or household staff may reside in the qualifying property at any time; and
- the qualifying property may not be let or sub-let.

Where the applicant would have already acquired or rented a qualifying property by the application date, an authenticated copy of the contract providing evidence of such acquisition and title or lease, as the case may be, needs to be attached to the application. If the individual is subject to such ongoing proceedings, details must be provided in a separate declaration signed in original by the said individual. The Commissioner for Revenue reserves the right to make further questions for the purposes of this requirement.

This requirement needs to be satisfied in relation to all individuals including dependents over the age of 18 as well as household staff mentioned in the application form.

Furthermore, where the ARM is aware of any circumstances that affect this condition, the ARM needs to identify such circumstances in Part 7 of the application form. This obligation stays with the ARM for as long as the applicant remains a beneficiary.

In determining whether the applicant is a fit and proper person, the Commissioner for Revenue shall take into consideration a number of assessment criteria including matters such as the following:

A list of the ARMs can be found on the Inland Revenue Department's website.

## II. Procedure for application

An application for special tax status under the MRP may only be submitted to the Commissioner for Revenue through the services of an ARM. The applicant needs to authorise such services by completing and signing in original Part 1 of the application form.

## ***A. Where to apply***

Applications and the necessary supporting documentation are to be submitted to the International Tax Unit at the following address:

Commissioner for Revenue  
International Tax Unit  
MFSA Building  
Notabile Road  
Attard  
BKR 3000

The envelope should clearly be marked as “**Application: Malta Retirement Programme**”

## ***B. Administrative Fee***

A non-refundable administrative fee of two thousand five hundred euro (€2,500) needs to be paid upon application by means of a bank draft or cheque issued by the ARM payable to the Commissioner for Revenue.

## ***C. Step-by-step procedure of the application process***

Once an application (together with all the required documentation, including the payment of the non-refundable administrative fee) is submitted to the Commissioner for Revenue, it is checked for completeness and vetted accordingly.

An acknowledgement letter is sent to the ARM stating whether any of the necessary documents have not been submitted or do not satisfy the requirements in order to be able to proceed with the application process.

An applicant need not be the owner or lessee of a qualifying property at the time of application and may submit the certified final deed or lease agreement, as the case may be, at a later stage. However, special tax status will not be confirmed unless and until the certified final deed or lease agreement, as the case may be, is submitted.

A Letter of Intent expressing the intention of the Commissioner for Revenue to confirm the special tax status is issued and sent to the ARM. . This Letter will be accompanied by a Notice of Primary Residence, which must be completed and signed by the applicant, and submitted to the Commissioner for Revenue in original.

The Letter of Intent is valid for twelve months from the date of issue of the said Letter. During this twelve month period, the applicant must submit the following documents in order for the Letter of Confirmation to be issued:

1. Completed Notice of Primary Residence duly signed by the applicant in original;
2. Certified true copy of the lease agreement or final deed, as the case may be; and
3. A copy of the receipt confirming that the minimum tax was paid at the Inland Revenue Department, Floriana.

It is important that full and accurate information is provided in the application form and accompanying documents. In cases of doubt as to how much detail is to be provided, more is preferable. Any omissions or incorrect details may cause a delay in the processing of the application. Giving misleading information, omitting or concealing information is viewed very seriously and would be seen as evidence of untrustworthiness.

### **III. Tax Treatment**

An individual who has been granted special tax status in accordance with the MRP, hereinafter referred to as “beneficiary”, shall be:

- Subject to tax at a rate of fifteen cents (**0.15**) on every euro thereof on any income **arising outside Malta that is received in Malta** by the beneficiary, the beneficiary’s spouse, minor children including adopted minor children and children who are in the care and custody of the beneficiary/spouse/person with whom the beneficiary is in a stable and durable relationship, and children who are not minors but who because of circumstances of illness or disability of a serious gravity, are unable to maintain themselves. This rate of tax will apply from the year of confirmation of the special tax status up to year of cessation of status, both years included;
- Subject to tax at the rate of thirty-five cents (**0.35**) on every euro on **any other income** of a beneficiary, the beneficiary’s spouse, minor children including adopted minor children and children who are in the care and custody of the beneficiary/spouse/person with whom the beneficiary is in a stable and durable relationship, and children who are not minors but who because of circumstances of illness or disability of a serious gravity, are unable to maintain themselves that is not chargeable to tax under these rules.

None of the above individuals may be beneficiaries under the High Net Worth Individuals - EU/EEA/Swiss Nationals Rules, the High Net Worth Individuals - Non-EU/EEA/Swiss Nationals Rules, the Global Residence Programme Rules, the Residence Programme Rules, the United Nations Programme Rules, the Qualifying Employment in Innovation and Creativity (Personal Tax) Rules or the Highly Qualified Persons Rules;

Income that is chargeable to tax in Malta in accordance with the Income Tax Acts of the below mentioned dependents will be charged to tax separately at the applicable rates found in Article 56 of the Income Tax Act. Such dependents need to be

registered for income tax purposes with the Inland Revenue Department under a separate procedure. These dependents are:

- The person with whom the beneficiary is in a stable and durable relationship;
- Children who are over the age of eighteen but under the age of twenty-five, including adopted children and children who are in the care and custody of the beneficiary, the beneficiary's spouse or the person with whom the beneficiary is in a stable and durable relationship, who are not economically active; and
- Brothers, sisters and direct relatives in the ascending line of the beneficiary, the beneficiary's spouse or the person with whom the beneficiary is in a stable and durable relationship.

### **A. Minimum Tax**

Beneficiaries of special tax status granted in terms of the MRP will need to pay a minimum tax in respect of the income arising outside Malta which is received in Malta of seven thousand and five hundred euro (€7,500) in respect of the beneficiary and five hundred euro (€500) per year of assessment for every dependent and every household staff.

The minimum tax shall be payable by not later than the 30th April of the year immediately preceding the relevant year of assessment.

In the case of the year in which the special tax status is granted, where it is evident that the special tax status will not be granted before the 30th April, the minimum tax is to be paid before the special tax status is granted;

Such beneficiary retains the right to request a claim for relief of double taxation under Article 74 (a) and (b), *Income Tax Act*, provided that the minimum amount of tax payable by the beneficiary is as provided above. If the tax payable according to the tax computation (including any credit for relief of double taxation) is such that it is less than the minimum tax required to be paid as aforesaid, the amount to be paid will be the said minimum.

In the year when the special tax status is confirmed or cancelled, the minimum tax will be paid in full.

### **B. Provisional Tax**

A beneficiary is subject to payment of provisional tax payments in accordance with the *Payment of Provisional Tax (P.T.) Rules*.

## **IV. Household Staff**

### ***A. Who may be a household staff?***

A household staff is an individual who has been providing services to the beneficiary in a systematic manner for at least two years prior to an application for special tax status in terms of the MRP. A beneficiary may have more than one household staff at any time.

A household staff may reside with the beneficiary in the qualifying property but the services need to be provided in whole or in part in the qualifying property.

In certain exceptional cases, the Commissioner for Revenue may deem this requirement to be satisfied provided that sufficient proof is produced to the satisfaction of the Commissioner for Revenue, despite the service not being rendered for a minimum period of two years. Example: where a previous household staff passed away and a new household staff has been recently engaged or a household staff has been required due to a recent illness.

It is important that the rendering of such service is regulated by a contract of service.

### ***B. Tax Treatment***

A household staff would be subject to tax in Malta at the rates set out in Article 56(1) and is precluded from benefitting from the 15% tax rate.

In all cases a household staff needs to register with the relevant tax authorities in Malta. The applicant as well as the ARM needs to inform the household staff of this obligation.

## **V. Working in Malta**

Where a dependent or a household staff would like to work in Malta or where the household staff is a third country national and therefore requires a work permit issued by the Employment and Training Corporation (ETC) to be able to work in Malta, the requisite procedures need to be followed in order for a work permit to be issued. Beneficiaries and ARMs should refer to the relevant guidelines issued by the ETC, which guidelines may be accessed through the following link: <http://etc.gov.mt/etc-portal/page/3/ELU-Guidelines.aspx>.

Further to the above, the application for special tax status in terms of the MRP would need to be accompanied by a letter addressed to the Department Manager (Employers Services), which letter must be received not later than fifteen days from the date of the same letter. The letter must include details of the applicant for special tax status in terms of the MRP, as well as details of the individual/s who is / are requesting a work permit to be issued. A separate letter needs to be submitted in respect of each individual who requires a work permit. Each letter will need to be endorsed by the International Tax Unit and submitted to the ETC by the ARM. A template of this letter may be found in Annex 1 to these Guidelines.

In all cases the minimum tax as explained in III.A above must have been paid and a receipt of such payment must be presented together with the letter that is endorsed by the International Tax Unit.

## **VI. Changes in circumstances that have an effect on the minimum tax payable**

The beneficiary, through the services of his ARM must notify the Commissioner for Revenue whenever there is a change in the number of dependents or household staff of such beneficiary. Such changes need to be notified to the Commissioner for Revenue within four weeks from when the beneficiary becomes aware of the change. The same applies where the ARM is knowledgeable of such changes, even if such ARM is not informed by the beneficiary of such.

## **VII. Annual Declaration**

An individual who benefits from special tax status must submit the Annual Declaration together with the income tax return where any material changes that affect the beneficiary's special tax status are indicated.

In order to ensure that an individual benefits from this tax treatment in a legitimate manner, the Commissioner for Revenue may request the individual to produce information and documents including certifications and declarations within a time specified by the Commissioner for Revenue in the request itself.

Further to the above, any person who knowingly makes a false declaration or statement in any documentation submitted to the Commissioner for Revenue will be subject to the general penal provisions in the *Income Tax Management Act*.

## **VIII. Cessation of Special Tax Status**

### ***a. By choice of the beneficiary:***

A beneficiary may opt to cease to possess the special tax status by notifying the Commissioner for Revenue of his / her intention not to remain in possession of the special tax status from a particular date in the future. Cessation will take effect from the date indicated in the notification, which date cannot be in excess of three months from the date of receipt of such notification by the Commissioner for Revenue. If no date is indicated in the notification, cessation will have immediate effect i.e. from the date the Commissioner for Revenue receives such notification.

### ***b. By default of the Income Tax Acts:***

A beneficiary will cease to possess special tax status with immediate effect, if the same beneficiary is in breach of any provisions of the Income Tax Acts. Examples of such defaults include:

- where routine compliance obligations are not abided with such as cases of tax evasion and misrepresentation;
- where requests for information by the Commissioner for Revenue are not replied to in time.

Where, for any reason, the beneficiary is no longer represented by an ARM, the said beneficiary should authorise another ARM and inform the Commissioner for Revenue of such change as soon as possible as otherwise the obligations under the Income Tax Acts will not be able to be fulfilled.

***c. Where there is a failure in connection with the conditions that need to be satisfied throughout the special tax status***

Where any of the conditions mentioned below are no longer satisfied, the individual ceases to possess the special tax status with retrospective effect as from the date on which the Commissioner for Revenue had determined in writing that such individual qualifies for a special tax status under the MRP. The special tax status will be terminated:

- (a) if, at any time, after the appointed day, such individual does not hold a qualifying property;
- (b) if the individual becomes a Maltese national or a third country national;
- (c) if the individual fails to receive in Malta all the pension indicated in the documentary evidence submitted to the Commissioner;
- (d) if, after the appointed day, the individual is not in possession of sickness insurance in respect of all risks normally covered for Maltese nationals for himself and dependents;
- (e) if the individual establishes his domicile in Malta;
- (f) if the individual acquires a permanent residence certificate in terms of article 7 of the Free Movement of European Union Nationals and their Family Members Order;
- (g) if the individual's stay is not in the public interest;
- (h) if the individual resides in Malta for less than ninety days a year averaged over any five year period; or
- (i) if the individual stays in any other jurisdiction for more than one hundred and eighty-three days in a calendar year.

The beneficiary needs to notify the Commissioner for Revenue, through the services of his / her ARM, within four weeks of becoming aware of any such event. Where it is found that the beneficiary failed to make such notification to the Commissioner for Revenue within the specified timeframe an administrative penalty of €5,000 applies.

The Minister for Finance has the power to condone a failure in relation to any one of the conditions mentioned above. The Minister may excuse such a failure where the individual notifies the said Minister within four weeks of such failure and in this form the individual provides:

- sufficient explanation that the failure was due to unforeseen circumstances; and
- sufficient proof that the best efforts were exercised to remedy the indicated failure.

It is important to note that reliance placed by the beneficiary on the ARM or on any other person to perform the task cannot be cited as being the reason for failure due to unforeseen circumstances.

### **IX. Power to request information**

For the purpose of ascertaining an individual's entitlement to the right to pay tax at the reduced rate indicated in III above, the Commissioner for Revenue may require the individual applying for special tax status to produce information and documents, including certifications and declarations. The indicated documents must be produced within a time indicated by the Commissioner for Revenue in the request itself.

Furthermore, the Commissioner for Revenue and the competent authority in relation to the Free Movement of European Union Nationals and Their Family Members Order may exchange information that is in their possession for the purposes of the above-mentioned Regulations. Such information concerns individuals who:

- a) Make an application for special tax status under the MRP; or
- b) Is a beneficiary of special tax status under the MRP; or
- c) Has permanent residence status in terms of the Free Movement of European Union Nationals and Their Family Members Order.

### **X. Abuse of Rights**

The Commissioner for Revenue retains the right to issue an assessment in terms of Article 31 of the Income Tax Management Act if an individual benefits from the right to pay tax at the reduced rate of tax indicated above but was not entitled to do so.
